

LEADING COURSE FOR LAMBS AND GOATS

Key

Measurements are in metres

Electric Fence Standard ●

Fence Post ■

Your lamb or goat should be standing on your right hand side.
When weaving the electric fence standards at the start of the course your lamb or goat should go around the outside of the last standard in the row.

The stop at the standard in the middle of the course should be for approximately three seconds.

Your lamb or goat should step cleanly over the fence post.
